ENVIRONMENTAL COMPLIANCE REPORT OF STIPULATED CONDITIONS OF ENVIRONMENTAL CLEARANCE OF HERBAL EXTRACTION UNIT BASED ON SCFE TECHNOLOGY AT PHARMA CITY, SIIDCUL, SELAQUI, DEHRADUN

Project Name: Proposed Modernization for replacement of existing HSD Fired Boiler (4.0 MT/hr) with new Biomass Fired Boiler (5.0 MT/hr) in the existing Complex of Herbal Extraction Unit at Plot No. 02 – 05, Siidcul, Selaqui Industrial Area, Pharma City, Dehradun.

EC No.: 545.9(24)/2014, dated 20 August, 2014

Sr. No.	Conditions	:	Compliance Status
1.	The environmental clearance is being granted for installation of biomass fired boiler (capacity – 5000 Kg/hr) replacing the existing HSD fired boiler (capacity – 4000 Kg/hr) in the existing unit of herbal extraction.	:	Agreed. Biomass fired boiler (Capacity - 5.0 MT/hr) has been installed.
2.	Any further modification in the design and capacity of the equipment/ machinery than those proposed shall require fresh EC.	:	No any further modification in the design and capacity of the equipment / machinery shall be done without approval of fresh EC.
3.	Consent to Establish/ Consent to operate shall be obtained from Uttarakhand Environment Protection and Pollution Control Board under relevant provisions of Central Air Act and Central Water Act before starting up of any construction activity at the site. 	:	Consent to Establish and Consent to Operate has been obtained from UEPPCB under relevant provisions under Section 21 of “Air (Prevention & Control of Pollution) Act 1981” and under Section 25 of “Water (Prevention & Control of Pollution) Act 1974”. CCA is valid upto 31 March 2021. Copy of CCA is attached as <u>Annexure – I</u>

4.	There shall not be any fresh construction at site and new machineries/equipment shall be installed in the vacant space in the existing facility.	:	Required Utilities has been installed in the vacant space of the existing facility.
5.	Residual Agricultural waste generated from processing of Spices & Herbs in the existing process of herbal extraction shall be used as fuel in the proposed boiler.	:	Agreed, Residual agricultural waste i.e. Biomass generated from processing of Spices & Herbs in the existing process of Herbal Extraction unit is being used as a fuel (briquette form) in the Biomass fired boiler.
6.	There shall not be enhancement in the capacity of production or capacity of any existing equipment's / machineries in the unit.	:	Agreed.
7.	Fire prevention and safety of workforce shall be as per the approval plan from authorized agency. Health screening of work force will be ensured from time to time.	:	We have obtained NOC from Fire & Safety Department for relevant industrial activities. <u>Annexure – II</u> Medical check-up of the workers is being done periodically.
8.	In addition to above conditions, the Unit shall strictly comply with conditions imposed by SEIAA Uttarakhand in its earlier letter no-206-9(7) dated 21 st Oct. 2013.	:	Agreed and Accepted.
9.	Bio waste should be kept in shed house and adequate fire prevention measures should be taken for safety of the Bio waste.	:	Agreed and Accepted.
10.	Trucks carrying the Bio waste/Agri waste or fly ash should be covered.	:	It is ensured that all the vehicles used for carry of Bio waste/Agri waste or fly ash covered properly during transportation.
11.	Fire security drill should be held under	:	It is being followed & ensure by

	direction of appropriate authority at least twice in year.		competent authority.
12.	Environment management cell shall start working immediately and six monthly report should be submitted to Authority.	:	Environment management cell has been already constituted. Six monthly report is being submitted to the Authority well within due course. <u><i>Annexure – III.</i></u>
